 Sugar Rose Bakeshop

## Special Occasions

At Sugar Rose Bakeshop, we take pride in being a passion-driven small town boutique bakery, where every dessert is carefully crafted with the best ingredients. Whether you need a simple sheet cake or an elaborate 3-tiered custom cake, it is our mission to turn your desired idea into a mouthwatering reality!

Customize your cake with different cake flavors, fillings, and icings. Then choose the size of cake you need based on the amount of guests that will be attending.

Each cake comes with four layers of cake (your choice of flavor) and three layers of vanilla buttercream (filling and icing). You can upgrade to a different filling and icing flavor for an additional charge.

## Pricing

Pricing is based on the size of cake, upgraded filling or icing is chosen, and if delivery and set up is requested.

A 50% non-refundable deposit is required to secure your date. Pricing is subject to change unless deposit has been made.

## Tiered Cakes

Our tiered cakes are priced separately due to the amount of customization that can be added. Please reach out to Jody for a personalized quote for tiered cakes.
